

Elizabeth is a widow with two children who works as both a farmer and a trader in Ul-Kpong.

At the conclusion of Tour de Ghana 2025, Elizabeth acquired one of the motorbikes through a microcredit loan from Self-Help International.

With the tricycle, she can freely travel to markets of her choice to trade, transport her farm produce from the farm to her home without difficulty, reduce losses from theft by promptly conveying her harvest, and ultimately improve her household income.
