Our Mission

Self-Help International is alleviating hunger by helping people help themselves. By providing technology, training, and credit to rural households in Ghana and Nicaragua, we empower people and communities to meet their needs with dignity, ultimately leading to self-reliance.

Our Programs

Agriculture:

Providing agronomic training, biofortified seeds, and input loans to help farmers increase yields and feed their families.

Nutrition:

Promoting education and resources for expectant mothers, infants, and children in rural Ghana to prevent stunting.

Water:

Implementing simple water chlorinators, paired with education and support, to improve basic sanitation and hygiene in Nicaragua.

Empowering Women:

Educating girls through Teen Girls Clubs, and supporting female small business owners with trainings and microcredit loans to enable them to achieve financial independence.

You can show your committment to supporting local organizations and making a global impact by becoming an event sponsor for Self-Help International’s Annual Lunch to Empower Global Women.

Sponsorship Levels

- Country Sponsor:** could sponsor more than 50 business skills group training sessions for women small business owners across SHI communities in Ghana.
- Region Sponsor:** could sponsor one-on-one advising and follow-up to more than 100 women microcredit loan recipients in Nicaragua’s Rio San Juan region.
- Community Sponsor:** could sponsor a year of after-school reading and writing lessons for the approximately 40 Teen Girls Club members in Timeabu, Ghana.
- Family Sponsor:** could strengthen more than 30 families through technical skill development trainings, such as oven construction or cake decorating, for women small business owners in Nicaragua.
